South Suburban Now Offers Senior Golf Rates for Non-District Patrons

New this season, South Suburban Park and Recreation District will offer discounted non-District senior green fees to those 65 years and older in an effort to help attract more golfers who live outside the South Suburban Park and Recreation District. South Suburban has offered a senior rate for District residents for many years.

“The decision to offer a new senior rate to non-District patrons was based upon market research and feedback received from our golf customers through a comprehensive survey. We’re pleased to be able to offer the new rate,” said Bill Ramsey, director of golf for South Suburban Parks and Recreation. The new rates are available at South Suburban’s Lone Tree Golf Club, South Suburban Golf Course and Par 3 course and Littleton Golf Course.
