**Lone Tree Golf Club Adds Local Craft Beer
to its Bevy of Refreshments for Patrons**

Lone Tree Golf Club & Hotel is the first in the area to feature canned craft beer from Lone Tree Brewing Co. on board its golf course beverage carts. "We have established a nice partnership with Lone Tree Brewing Co., and are excited to offer golfers a local craft beer, in addition to national brands and other non-alcoholic offerings," according to Jay Dikeman, Director of Hospitality Services for South Suburban Parks and Recreation.

Patrons who golf the challenging 18-hole, championship golf course, designed by Arnold Palmer, will be among the first to take advantage of the craft brew while on the course.

The locally-produced and popular craft beer is also available at the facility's Lone Tree Grill. Varieties include Lone Tree Peach Pale Ale, a lightly hopped pale ale with a peach puree addition, and Mountain Mama Helles, a golden lager.

South Suburban Park and Recreation District owns and operates Lone Tree Golf Club & Hotel, located at 9808 Sunningdale Blvd., in Lone Tree.
